

# HOLODOMOR

November 27, 2010

*On behalf of the Government of Ontario,  
I wish to offer heartfelt greetings to members  
of the Ukrainian Canadian Congress and special  
guests as you commemorate the Holodomor.*

*This solemn occasion is a time to reflect upon the  
brutal realities of life in Ukraine under a totalitarian regime — and  
also on the courage and determination of the Ukrainian people. It is a  
time to honour those who suffered and preserve their memory.*

*As we pay tribute to the millions of Ukrainians who  
lived — and died — under oppression, we are reminded that  
the price of freedom is constant vigilance. To everyone in attendance: your  
presence today declares that present and future generations will not forget the  
victims of this horrific event. This commemoration strengthens our resolve  
to reject intolerance and to protect the rights and dignity of  
every citizen in every community.*

*Please accept my best wishes.*

**Dalton McGuinty**  
**Premier**

Presented by the Honourable Dr. Eric Hoskins  
Minister of Citizenship and Immigration
